

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DATE: May 21, 1980

SUBJECT: NEIC PE & S Inspections

FROM: Jack Ferguson, Chief
Industrial Compliance Section (6AEWC)TO: Bruce Elliott, Chief
General Enforcement Branch (6AEG)

TXD 065099160

Attached for your retention and use are additional copies of NEIC's final performance and evaluation inspection reports for the following industries:

Gird Chemall, Groves, Texas TX78
Gird LNVA, Beaumont, Texas TX475
wright Velsicol, Beaumont, Texas TX4707 *Burling* TX4500 U

In addition, you may obtain a copy of the American Petrofina Report by checking it out of the Administrative Branch confidential file. (This report is being held confidential pending a decision by Regional Counsel on this classification.) Additional confidential material supplementing the Velsicol report is also contained in the Administrative Branch confidential file.

This completes the first round of the NEIC inspections conducted in conjunction with the ORD/NEIC/Region 6 Beaumont-Lake Charles toxics study. The second round of inspection reports will probably be out within the next few months and will be for the following facilities:

Mobil, Beaumont, Texas

DuPont, Beaumont, Texas

PPG, Beaumont, Texas

The third round of inspections is scheduled to be done in November for:

Neches Butane, Port Neches, Texas

Jefferson Chemical, Port Neches, Texas

Gulf Oil, Port Arthur, Texas
